Career goal	To specialise in emergency nursing, gaining excellent patient care skills and clinical knowledge, and to eventually achieve CNC status
Qualifications	<p>Bachelor of Nursing, UTS, completed 2005 Majors: mental health and emergency nursing I was awarded high distinction grades in four subjects including biology, patient communication, neurology and emergency nursing.</p> <p>HSC completed 2001, UAI 89.2</p>
Work Experience	<p>Third clinical placement – South Sydney Hospital</p> <p>During this placement I was placed mainly in the busy emergency department. I gained a good understanding of the wide variety of skills necessary for emergency nursing and also the pace of the ED. I developed a keen interest in emergency nursing and hope to specialise in this area.</p> <p>Second clinical placement – Aged Care Home</p> <p>During this placement I worked in a 50-bed aged care home. I demonstrated a good ability to manage dementia patients and enjoyed getting to know some of the residents.</p> <p>First clinical placement – Sydney East Hospital</p> <p>During this placement I worked in the emergency department, oncology ward and surgery. I learned how to keep a cool head when things get busy and developed techniques on how to handle a wide range of patients.</p>
